OPOLE AND OPOLSKIE REGION

Opole, the capital of the Opolskie voivodship, is a medium sized city of 125,000 and coverings a total area of 96 km2. It is located in the south-western part of Poland, on the river Oder. Located in Silesia Region, close to the Czech border, with huge German minority and open for Europe, Opolskie Region is a place of diversity and dialog.

Opole is primarily known as the home of the National Festival of Polish Songs, held in June, but it combines culture, education, tourism and business. It is small, yet enchanting, with numerous canals and green spaces adding to its charm.

ABOUT OUR NGO

In Europa Iuvenis work with and for young people – that is without a doubt. But we also work with their environment – guardians, teachers, regional, city and municipal authorities, so that ideas have a chance to be born and work. And the cooperation was built on mutual trust and respect.

Our activities are guided by European values and ideas. We focus on international cooperation, mutual learning and the exchange of good practices.

We work on European Solidarity Corps programme, hosting short- and long-term volunteers, as well as Erasmus+ Programme and national, regional and local grant programmes.
